

## **Special Order 2017-1**

**For the Saturday early morning battle at Shiloh, the Federal army will be moving out starting at approximately 5:45 am. We will be fighting for the better part of the morning across the main road from our camps.**

**Therefore it is imperative for the troops to take appropriate food in their haversacks to sustain them for this extended time away from their camps and campfires.**

**Either pre-cooked foods or foods that will hold up well without worries of spoilage are recommended.**

**Pre-cooked meats from Friday evening, fruit, vegetables, jerky, nuts and other similar foods are suggested.**

**Water will be available near the battlefields being used for these fights.**

**By command of General Bob Minton,  
Bernard Biederman, Chief of Staff**
